The OSSAA will draw the bracket for the state championship tournament and it will be released on the OSSAA website ([www.ossaa.com](http://www.ossaa.com)) on Friday afternoon, May 2, 2014. There will be no mailouts sent to your school. The state championship is single elimination. The tournament for Classes A, 2A and 3A will be played in one day at The Ballfields at Firelake, 18160 Rangeline Road, Shawnee, OK on May 7, 2014. Classes 4A, 5A and 6A will be played May 6, 2014.

For the OSSAA playoff tournaments, each team will be limited to **twenty-two (22)** suited squad members.

**All play-off games will be regulation seven inning games unless the run rule is in effect. The run rule will be 15 runs after 3 innings, 12 runs after 4 innings, or 10 runs after 5 innings throughout the play-off series. The host school shall inform the umpires of this regulation prior to the tournament beginning.**

Refer to the 2013-2014 OSSAA Slow-Pitch Softball Manual for further information.

**The pitching distance shall be 50 feet.**

**Softball bats – Check ASA website for a list of certified equipment.**

### **MANDATORY BAT TESTING PROCEDURES FOR STATE TOURNAMENT TEAMS**

All bats will be tested at the State Tournament site at The Ballfields at Firelake, 18160 Rangeline Road, Shawnee, OK. Every bat to be used in the tournament **MUST** be tested prior to the first game for each respective team. Bats that have been tested prior to the State Tournament must be re-tested at the site. A different sticker than the one used during the regional tournament will be used.

Any batter entering the batter's box with an untested bat will be automatically out, and the team will be issued a warning. If a subsequent violation occurs, both the batter and the player will be restricted to the dugout.

Teams shall report to the bat testing area beginning at the designated times on the chart below.

<b>Game Time</b>	<b>Report to bat testing area</b>
10:00 a.m.	8:30 a.m.
11:30 a.m.	9:45 a.m.
1:00 p.m.	11:00 a.m.
2:30 p.m.	12:15 p.m.

The testing area will be between fields 5 and 6.

**Suspended game:** If weather, darkness, or other circumstances interfere with play so that a play-off tournament game is called (ended) by the umpire, it is a regulation game provided: (a) five full innings have been played; or if the home team has scored a greater number of runs in four or four and a fraction turns at bat than the visiting team has scored in five turns; or (b) play has gone beyond five full innings and is called when the teams have not had an equal number of completed turns at bat. The score shall be the same as it was at the end of the last completed inning; unless the home team, in its half of the incomplete inning scores a run (or runs) which exceeds the opponent's score, in which case, the final score shall be recorded when the game is called. Otherwise, it will be a suspended game. A suspended game shall continue from the point of suspension on the earliest possible day, with the line-up and batting order for each team the same as it was at the time of suspension.

**If weather conditions look unfavorable, please contact the site manager before leaving for the tournament.**

Designated Media Area - National Federation Softball Rules require the home team or game management to designate a lined area for the media. This area shall be considered a dead ball area. This rule also prohibits media from being in a live ball area. (Rule 1-1-7)

The OSSAA is asking each host site to cooperate with the media and provide a designated area. We also recommend the area be marked between home and first or third base in an area that enables adequate media coverage. We realize each park is built different and the above recommendation may not be feasible. An area that affords the best possible coverage with the least possibility of an interference situation should be selected.

Ill-fitting batting helmets are a growing concern among game officials. Umpires have reported several incidents where the batter and/or base runner's helmet has come off the head while a player is running the bases. A helmet that fits properly will not easily come off the head. It is the responsibility of each school to properly equip your softball players for safety reasons. Please make sure you have enough helmets in various sizes for your team to wear. Also, chin straps can easily be purchased or made for helmets.

At the completion of the Regional Tournament, please call The Oklahoman (405-475-3313) and the Tulsa World (1-800-944-7529) to report the game scores.

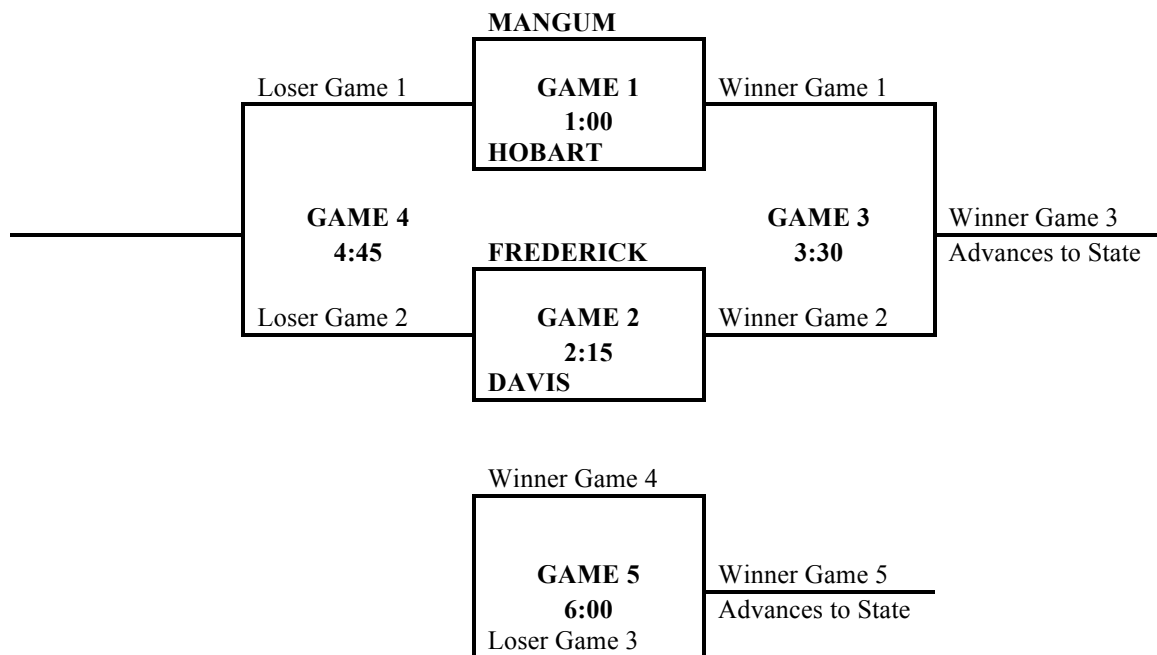

**Teams participating in the Regional Tournament should send a picture and roster to [programs@vvppe.com](mailto:programs@vvppe.com) no later than April 28.**

**\*\*The school administration should be involved in the decision to change the tournament format.**
